

Cowon S9 Curve

Monday, 08 December 2008

After an unfortunate delay, Cowon is scheduled to launch in South Korea this month. On the other hand, not much news was released on when it would set off in the United States fuming speculations that it might cause another delay.

The Cowon would be sold in Korea respectively: 4GB / 8GB / 16GB capacities for 219,000 won (\$150), 259,000 won (\$178), and 309,000 won (\$212).
