

Acer Aspire One 532h

Wednesday, 13 January 2010

I can say that Acer certainly knows how to maintain their lead on the netbook industry. Of late, the company has even disclosed their latest Acer Aspire One 532h into the market. Generally, this 10.1-inch netbook comes packed with the latest Intel Pine Trail processor, and it does come with a sleek glossy exterior as well.

On the other hand, the Aspire One 532h comes equipped with 1GB of RAM, 160GB hard drive, Windows 7 Starter, six-cell battery. The starting price for the Acer Aspire One 532h? It s fixed at \$299.
