

Charity Starts at Home and in this

Tuesday, 31 July 2007

There are many unfortunate people in this world and if you like charity to lessen their burden, then you might want to take a look at Boat Angel Outreach Centers which aimed at helping the unfortunate. This is quoted from Rev. David Crawford – ‘Everyday 5,000 people are sleeping on the streets of Los Angeles.’ I truly believe that something more could be done for them.

The Boat Angel organization is accepting Boat Donations for charitable causes. The donation would be used to help them further expand their organization so that it can reach more people in lesser time.

In their Donate my Boat campaign, expect to see how they work together to help each other in reaching out to people. They even have plans to build a center in Wikieup, AZ, where a 5,000 square foot building costing \$200,000 would be setup.

Future plans encompass reaching out to people in Ethiopia and other poor country in the world. I believe that this would be a very a good cause and would give the poor a chance to get a better life – without hunger and starvation and a place to live.

If you like to check out more on this organization do visit their website.
