

Ballmer's Talking About His Shiny

Tuesday, 02 October 2007

Ballmer - the name sticks in your head. I remembered watching TV or playing a PC game with the name Ballmer. He's either the big boss of the army or the leader of the secret society or simply the bad guy. I think it's one of the character in Final Fantasy 7, I can't remember which one though cause it was a long time ago since I played the game.

Well this is the new shiny new phone that Ballmer is talking about. It's real big and has all the functions you will ever need! Trust me :D
